### **Rates**

<b>Rate (B Driving license)</b>	<b>Prix (TVA inclusive)</b>	<b>Type of course</b>
Registration	Free	---
2 hours practice	96€	Individual
6 hours practice	288€	Individual
20 hours practice	960€	Individual
1 practice exam accompaniment (Car and instructor)	80€	Individual
10 hours theory (4x2h30)	65€	Collective(evening)

### **Practice courses modalities**

Practice courses are given by 2 hours, from Monday till Friday 8h till 20h and Saturday morning from 9h till 13h. Practice courses may be cancelled or rescheduled without any cost up till 2 working days prior to the scheduled date and time.

You are covered by our insurance and our responsibility. During the lessons the driving school and instructor are responsible. Our insurance company covering the civil responsibility for our cars has committed not to pursue students in case of accidents.

This insurance clause (and other points like payment conditions and your cancellation options) will be confirmed by writing in a contract that will be signed when you come for registration.

### **Choice of automatic or manual gearbox**

We are one of the rare schools left that proposes cars with automatic gearboxes as a possible alternative. At registration or any later time in case it seems too long or too difficult to you, you may decide to continue your courses with an automatic gearbox. The same planning modalities apply (notifying us at least two working days in advance).

### **Payment conditions**

Courses must always be paid in advance. For a reservation of 20 hours, we ask a minimum instalment of 150€, followed by new instalments at the pace the courses will take place.

### **Registration**

For registration, you come to our office with your id card, your certificate of having succeeded the theory exam (in case it applies to you), and your temporary driving license (in case you had already obtained one) and an instalment fee. For more information don't hesitate to contact us.
